IMPORTANCE OF COMMITMENTS

CONCRETE COMMITMENTS are an important step to ensure progress towards gender equality within your organization.

Companies with gender targets make the most progress in women’s representation, while those without specific targets lose ground. (McKinsey, 2018)

MORE WOMEN IN THE WORKPLACE*

SETTING TARGETS MAKES A DIFFERENCE.

By taking steps to advance greater equality for women, Canada could add $150 billion to its economy by 2026 (McKinsey, 2017). Research consistently shows that a diverse workforce results in greater organizational performance & stronger bottom lines (Noland et al., 2016).
